DIRECTORS' REPORT

The consolidated surplus for the year was \$111,109. This comprises a surplus of \$583 from World Education Australia Limited (WEAL) and a surplus of \$110,526 from the controlled entity World Education Australia Overseas Relief Fund (WEAORF).

The company is limited by guarantee, with the liability of each member in respect of liabilities of the company, as specified in the Constitution, being restricted to \$10. During the year, membership of the company increased from 259 to 264.

The company is a Public Benevolent Institution approved by the Australian Taxation Office (ATO) and enjoys tax exempt status. The company is a Deductible Gift Recipient (DGR) entity approved by the ATO for programs in Australia. The NSW Office of Charities has authorised the company to fundraise under the Charitable Fundraising Act 1991. Authorisation (or reciprocal exemption) has also been obtained to raise funds in all other states and Territories. The company has received exemption from the Australian Securities and Investments Commission (ASIC) with regard to the primary requirements of an Australian Financial Services Licence. The company (along with the Good Return trading name) is registered and complies with the Australian Charities and Not-for-profits Commission (ACNC) requirements. The company is a reporting entity to the Australian Transaction Reports and Analysis Centre (AUSTRAC). The company was fully accredited by the Department of Foreign Affairs & Trade (DFAT, formerly the Australian Agency for International Development) in June 2012 for a five year period.

The purpose of the controlled entity WEAORF is exclusively to provide relief to persons in a developing country certified as such by the DFAT, and to raise funds for this by way of tax deductible donations. WEAORF, a Deductible Gift Recipient entity, approved as such by the ATO, continues to raise donations from the public. Funds held by WEAORF continue to be applied to the company's projects that are compatible with the purpose of WEAORF.

Key Objectives

The vision of the company and its controlled entity is a world without poverty, where people have access to resources and opportunities to improve their own lives. The mission of the company is through microfinance and skills development it enables the poor to improve their incomes and change their lives forever. This mission describes both the long term and short term objectives of the organisation.

Strategy for achieving these objectives

The company contributes to its poverty reduction objectives by working with its partners in both the Australian community and overseas to provide training, interest-free loan capital, best practice technical assistance and project management services in a number of Asian and Pacific countries as well as in Australia. Programs are designed to strengthen the capacity of local partners, catalyse community and national development, and contribute to individual growth.

In pursuit of the company's poverty reduction mission, a major internet-based program entitled Good Return was implemented during the 2010 financial year. Good Return facilitates small loans and loan guarantees from the Australian public to partner financial institutions targeting low income communities overseas. 0% interest is charged to the partner financial institution. This micro-credit program integrates with the development and training operations of the company. Good Return is providing an increasingly significant component of the company's activities and resources, and this is likely to continue into the future.

There was no significant change to the activities of the consolidated group during the year. It continued to also design, manage and implement international development programs and provide technical assistance to the Australian Government, Asian Development Bank (ADB), and United Nations (UN) agencies during the financial year.

ABN 39 106 279 225

DIRECTORS' REPORT

Future plans

The company will continue to provide resources aimed at reducing poverty, through the provision of low cost loan capital and loan guarantees, training, technical assistance and project management services targeted at low income communities in the Asia Pacific region as well as in Australia. These development and poverty-reduction operations are planned to continue during the year and years ahead.

No other matters or circumstances have arisen since the end of the financial year which significantly affected or may affect the operations of the consolidated group, the results of those operations, or the state of affairs of the consolidated group in future financial years.

The consolidated group's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of the State of NSW.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Australian Accounting Interpretations, and other authoritative pronouncements of the Accounting Standards Board and the Corporations Act 2001.

The financial report covers the consolidated group of World Education Australia Limited and its controlled entity. World Education Australia Limited is an unlisted public company limited by guarantee, incorporated and domiciled in Australia.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following is a summary of the material accounting policies adopted by the company and consolidated group in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

(a) Principles of Consolidation

A controlled entity is any entity in respect of which World Education Australia Limited has the power to control the financial and operating policies so as to obtain benefits from its activities.

The only controlled entity is World Education Australia Overseas Relief Fund (WEAORF), a trust. It has a June financial year end. World Education Australia Limited is the trustee of WEAORF. There is no minority equity interest in WEAORF.

All inter-company balances and transactions between entities in the consolidated group, including any unrealised profits or losses, have been eliminated on consolidation. Accounting policies of the controlled entity have been changed where necessary to ensure consistencies with those policies applied by the parent entity.

(b) Revenue recognition

Monetary donations are recognised as revenue when the money is received.

Donations and grants with reciprocal requirements are treated as unearned until expensed in terms of those requirements.

Non-monetary donations are recognised as revenue when the donated goods or services are received. The donated goods or services are accounted for at their market value. The market value of services donated by volunteers is based on relevant DFAT(AusAID) tables.

Revenue from the rendering of services (project fees) is recognised upon completion which, depending on the terms of the contract, can be in measured stages or only when the whole project is completed.

WORLD EDUCATION AUSTRALIA LIMITED
ABN 39 106 279 225

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

(c) Income tax

The Australian Taxation Office has endorsed the company, a charitable organisation, as being exempt from income tax.

(d) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of one year or less.

(e) Receivables and work in progress

All trade debtors are recognised when the obligation of the debtor to pay the amount arises.

Work in progress is valued at cost less any provision for anticipated future losses. Cost comprises variable costs, including salaries and donated services, relating to specific contracts.

(f) Property, Plant and Equipment

Each class of plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and Equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

Depreciation and Amortisation

The carrying amounts of plant and equipment are reviewed annually and, if appropriate, written down to their estimated recoverable amounts.

Depreciation of plant and equipment is calculated on the prime cost basis over its useful life to the company. The rates used range from 10% to 40%. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements on a prime cost basis.

(g) Intangible Assets

The Good Return web-site and the software required to run it are classified as intangible assets. Intangible assets are carried at the cost of development less, where applicable, accumulated amortisation and impairment losses. Costs of development are capitalised only in respect of identifiable new modules that are expected to deliver future economic benefits that can be measured reliably. Costs include materials and services provided by third parties. Salaries and related costs of employees involved in the development are expensed as incurred. Expenditure during the research phase of the development to maintain and update developed modules is expensed as incurred. Development costs are amortised on a straight line basis over the period that they are expected to deliver future economic benefits from when they are ready for use.

(h) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the company, are classified as finance leases.

WORLD EDUCATION AUSTRALIA LIMITED
ABN 39 106 279 225

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property and the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the lease term.

(i) Provisions

Provisions are recognised when an entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

(j) Good and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

(k) Comparative figures

Comparative figures have been adjusted to conform to changes in presentation for the current financial year where required by accounting standards or as a result of changes in accounting policy or presentation.

(l) Foreign currency transactions and balances

Foreign currency transactions are translated into Australian dollars using the exchange rates prevailing at the date of the transaction. Foreign currency balances are translated at the year end exchange rate. Exchange differences arising on the translation are recognised in the statement of comprehensive income to the extent they will be borne by the consolidated group.

(m) Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either purchase or sell the asset (i.e. trade date accounting is adopted). Financial instruments are initially measured at fair value plus transactions costs.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Financial Liabilities

Loans and payables are non-derivative financial liabilities and are subsequently measured at amortised cost.

WORLD EDUCATION AUSTRALIA LIMITED
ABN 39 106 279 225

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

Impairment

At the end of each reporting period, the company assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in profit or loss. Also, any cumulative decline in cost previously recognised in other comprehensive income is reclassified to profit or loss at this point.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or have expired. The difference between the carrying value of the financial liability, which is extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(n) Impairment of Assets

At the end of each reporting period, the entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is recognised in profit or loss.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an assets class, the entity estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

(o) Critical Accounting Estimates and Judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Impairment

The recoverability of trade receivables and loans to microfinance institutions was reviewed by the directors and provisions for impairment made where they considered it necessary.

(p) Economic Dependence

The company is dependent on the philanthropy of businesses and individuals in the community to provide donations and grants for its causes.

Credit Risk – Trade Receivables

The company's credit terms are 30 days. Overdue debts are pursued and monitored by management. They are assessed for impairment and provided for where specific circumstances indicate that the debt may not be paid in full to the company.

The company does not have any material credit risk exposure to any single receivable or group of receivables.

The following table details the company's trade receivables exposed to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided thereon.

The balances of receivables that are both overdue and not due are considered to be of high credit quality.

Financial Risk Exposures and Management

The main risks the company is exposed to through its financial instruments are credit risk, liquidity risk, foreign currency risk and market risk relating to interest rate risk.

a. Credit Risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss for the company.

The company's material credit risk exposures are receivables and cash deposited with banks.

The company's exposure to credit risk arising from trade receivables is dealt with in Note 7.

With regard to the Good Return loans portfolio in Note 8, credit risk exists on the loans donated to the company by the public, and advanced by Good Return to partner microfinance institutions. The company has made a provision for this risk.

The company deposits cash only with major banks. At the year end all cash at bank was with Westpac Banking Corporation.

b. Liquidity Risk

Liquidity risk arises from the possibility that the company might encounter difficulty in settling its debts or otherwise meeting its obligations in relation to financial liabilities. The company manages this risk by preparing regular cash flow forecasts and managing credit risks.

The table below reflects undiscounted financial liabilities and cash flows from financial assets that reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed.

21. CAPITAL MANAGEMENT

The directors control the capital of the entity to ensure that adequate cash flows are generated to fund its objectives. The objective is to maintain sufficient cash and cash equivalents to cover at least 3 months expenses. Risk management policies are approved and reviewed by the directors on a regular basis. These include credit risk policies and future cash flow requirements. The entity's capital consists of reserve and retained earnings.

22. COMPANY INFORMATION

The registered office and principal place of business of the company is:
 Level 1, 174 Willoughby Road
 Crows Nest NSW 2065

23. CONTROLLED ENTITY

World Education Australia Overseas Relief Fund (WEAORF) is a trust set up exclusively for the purpose of raising funds by donation for the provision of relief to persons in a developing country certified as such by the Department of Foreign Affairs and Trade. It has Deductible Gift Recipient status.

The company is the trustee of WEAORF. As such, the company controls WEAORF because, in addition to wide powers it has as trustee, it has the power to appoint a new trustee and/or vary the trust deed, subject only to ensuring that the purpose of WEAORF is not changed and that, on winding up, the net assets of WEAORF are transferred to some other fund qualifying under the Overseas Gift Fund provisions of the Income Tax Assessment Act 1997.

The company, as trustee, has the power to allocate cash raised by WEAORF to projects that the company undertakes provided such projects fit the purpose of WEAORF.

The parent company acts as trustee of its controlled entity which is a trust and liabilities have been incurred on behalf of that trust in the parent company's capacity as trustee. To the extent that the trust is unable to meet any obligations, the parent company as trustee may be liable.

Liabilities incurred on behalf of the trust are not recognised in the financial statements of the parent company acting as trustee of the trust when it is not probable that the parent company will have to meet any of those trust liabilities from its own resources. When it is probable that the parent company will have to meet some trust liabilities, a provision for trust liabilities will be brought to account. In addition, the parent company as a trustee has a right to be indemnified out of trust assets for any obligation not met by the trust. Details of trust liabilities and offsetting right of indemnity are as follows:

Liabilities of the World Education Australia Overseas Relief Fund not recorded in the financial statements of the parent company were:

**INDEPENDENT AUDIT REPORT
TO THE MEMBERS OF
WORLD EDUCATION AUSTRALIA LIMITED**

We have audited the accompanying financial report of World Education Australia Limited on pages 7 to 27, which comprises the consolidated statement of financial position as at 30 June 2014, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001 and for such internal control as they determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

Basis for Qualified Auditor's Opinion

Donations are a significant source of revenue for the company. The company has determined that it is not practical to establish control over the collection of all types of donations prior to entry in the accounting records. Accordingly, as the evidence available to us regarding revenue from this source was limited, our audit procedures with respect to donations had to be restricted to the amounts recorded in the financial records. Therefore, we are unable to express an opinion on whether income from donations is complete.

**INDEPENDENT AUDIT REPORT
TO THE MEMBERS OF
WORLD EDUCATION AUSTRALIA LIMITED**

Qualified Auditor's Opinion

In our opinion, except for the effect of such adjustments, if any, as might have been required had the limitation on our audit procedures referred to in the qualification paragraph not existed, the financial report of World Education Australia Limited is in accordance with the Corporations Act 2001, including:

(a) giving a true and fair view of the consolidated financial position as at 30 June 2014 and of its performance for the year ended on that date; and

(b) complying with Australian Accounting Standards and the Corporations Regulations 2001; and complies with the requirements of the Australian Council for International Development's Code of Conduct Document.

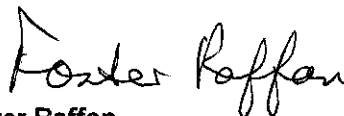

We also report that:

(a) the financial report shows a true and fair view of the financial result of fundraising appeals conducted during the year except for the effects of such adjustments, if any, as might have been required had the limitation on our audit procedures referred to in the qualification paragraph not existed;

(b) the accounting and associated records have been properly kept during the year in accordance with the Charitable Fundraising Act 1991 and the Regulations;

(c) money received as a result of the fundraising appeals conducted during the year has been properly accounted for and applied in accordance with the Charitable Fundraising Act 1991 and regulations; and

(d) at the date of this report, there are reasonable grounds to believe that the company will be able to pay its debts as and when they fall due.
